Thursday, March 19, 2015 at Ballard Park
1200 - 1700 Check-in and late registration
1400 Team Racing
1500 - 1700 Welcome! Snacks at Park

Friday, March 20, 2015 at Ballard Park
0900 - 1045 Check-in and late Registration, Continental Breakfast, racers pick up complimentary lunch
1045 Competitors Meeting
1215 First warning signal, other races to follow
1630 Post-race complimentary beer and soft drinks
1730 - 1830 Dinner served at Ballard Park (Included for racers, \$12 for additional dinners)

Saturday, March 21, 2015 at Ballard Park (except for dinner)
0830 - 0930 Continental breakfast, racers pick up complimentary lunch
1030 First warning signal, other races to follow
1630 Post-race complimentary beer and soft drinks
1830 - 1930 Dinner served at Melbourne Yacht Club (Included for racers, \$15 for additional dinners)

Sunday, March 22, 2015 at Ballard Park
0830 - 0930 Continental breakfast
1030 First warning signal, other races to follow
1400 No races to begin after 1400
1500 Approx. Post-race lunch, beer and soft drinks
Awards to be announced as soon as possible after racing

Regatta site: The regatta will be held at Ballard Park, in Melbourne, FL. The park is at the east end of Thomas Barbour Drive, which is just off US Highway 1 between the US192 Causeway (aka The Melbourne Causeway) and the Eau Gallie Causeway (aka State Road 518). Turn east from US 1 on Thomas Barbour Drive, which is next to the Boathouse Discount Marine store. Parking is available at the park for both cars and trailers. Thomas Barbour Drive is about 3.4 miles north of MYC and maps to MYC will be available at the park for the Saturday evening dinner.

Racing Area: The racing area is on the Indian River, east of Ballard Park and south of the Eau Gallie Causeway.

Charter Boats: Contact Dick Tillman to charter a Sunfish, dtillman@gmail.com or 321-773-4711

Contact Information: Chris Gates, 321-727-7227 or cgates@cfrr.com Notice of Race (NOR) and other info is on the Sunfish website www.SunfishFlorida.com and www.sail-race.com, under racing events.

Registration: Eligible sailors may register online at <http://www.regattanetwork.com/event/9364#home>, or onsite just before the regatta.

Entry Fee: \$120.00 if payment is received by February 28, 2015
This event is a 2015 Pan AM games qualifying event; all racers must be a member of the Sunfish class.
Late fee if received after March 1, 2015:
Additional \$30 (\$150.00 total)

Paul Lindenberg celebrated his 80th birthday this month. Congratulate him!

Commodore's Log

Wow, this is going to be a GREAT year! We have parties, racing, cruising and so much more. An Easter Egg hunt at Marker 21 is the first cruise. If you don't happen to have a dinghy, not a problem, Dean has a fix for that. He will transport folks to and from the shore to the island. For the racing members, the Spring Small Boat Regatta is being held at the Club!!! Sailing Education remains a

key element in the future of the club. As you know from last month, most of our new members are joining the club as a result of our sailing classes. We need to continue to grow our Sailing Education programs. The St. Patrick's Day celebration during TGIF is on! The board has teamed together to make this event a success. Pam Crocker has plans for a few drink specials. A special thanks for Jacki Leahy for spearheading the effort.

Vice Commodore Eric Stord has put together an aggressive plan to repair and replace many of the areas around the Club. By the end of the year, the Club will look great on the inside and the outside!

I want to update everyone on the progress of allowing boats to dock at the end of the T-Docks. First of all, the Club thanks Lynde and everyone else who dug through their boxes and found old notes, documents and even a couple of 3.5 floppy disks. We know we now have the most complete history of the club and the land lease. Last year, we hired Danna Small as a consultant to guide us through the approval cycle with the Florida Department of Environmental Protection (FDEP). She has spent multiple years as a manager at the FDEP; she knows the processes and the pitfalls. The Club is now ready to move forward with the application for the additional T-dock slips. The first action is for MYC to generate the final package submission. Next, Danna will review, update and ask questions about our documentation. Danna will submit our application to the FDEP field office. They will review the application and comment. If there are any concerns, Danna will work with FDEP to resolve them. Finally, the application package will be submitted to the state FDEP for final approval. How long will this take? We hope to have final approval no later than August (yes, 2015). Now that everyone knows the process, I will keep you posted on a monthly basis. As a result of the delay, the Fleet Committee is working the docking issues for the Spring Big Boat Regatta.

Tom Knowlton / Commodore

House

Where has the time gone, again??? This month has been busy with looking at everything that needs looking at (and there is a lot to look at), and pondering. Yes, I believe you need to ponder a bit before you act. So with this newfound knowledge it was time to have our first House Committee meeting, which was held on

Wednesday the 25th of this month. We decided on a regular monthly meeting to be conducted on the Wednesday before the General Membership meeting at 5:30(ish), and anyone wishing to attend is welcome.

During our first meeting we formed a few subcommittees to take on some general tasks (this idea came from the pondering). Gardening, IT, and Maintenance, were the first subcommittees setup and chaired by Amy Lacy, PC Bob Hughes and PC Page Proffitt respectively. I thank them for taking on the challenge! We are putting together some Books/Logs to help document what we have, need to do, have done and need to add to the list. Once done, these Books will serve as living documents, so to speak, and should improve our ability to communicate and ensure everything gets done (well that's what we hope anyway).

It was also decided by the Committee that we need to form up a couple more subcommittees. So we'll be forming up the Hurricane subcommittee in the near future; and we've already had the first Commodore's Ball

(Continued on page 3)

(House, Continued from page 2)

subcommittee meeting (didn't we just have a Commodore's Ball???). Well it's never really too early to start planning.

The list of projects that need to be done has been formed and our Club's budget is firmed up; we can get to work! Final note (and I know I'm going to regret this), if you see things that need to be done around the Club, please just write me a note/list. And if you're wondering, yes, I've already compiled over four pages of items from concerned members. If you don't want your concerns getting lost, write them down for me ;)

Eric Stord / House Vice Commodore

Fleet

Fleet hit the ground running in February. We held our first committee meeting earlier this month and have a full agenda for the year.

We have begun our preparations for the Spring Regattas. Small boat is almost fully planned but Big Boat can use a lot more volunteers. If you would like to help, please let me know.

Small Boat has been moved from Ballard Park to MYC. There will be some parking restrictions for the weekend so please observe the signs and cones.

The dinner for Small Boat will be a traditional Low County Boil. The dinner is open to all club members. Watch for details. A t-shirt order form will be available very soon. Please place your order as early as possible.

The first of many cruises is now set. On Saturday April 4th we will be sailing to Marker 21 and have a Kids and Adults Easter Egg hunt on the island. The Easter Egg hunt will start at 2pm with a burn it to follow at 4pm. Watch your email for more information.

On the racing front, Rum Race continues to be well attended with 12 to 16 boats attending most weeks. Remember Rum Races move to Fridays on April 10th. On the Dragon Point circuit, the last two Women's races were cancelled due to bad weather. The Co-ed races have fared much better, weather wise, and have gotten all their races in. We could use more boats out. If you want more information on Dragon Point racing, please let me know.

I would like to thank John Tworkowski for getting all the racing marks back in place and securely anchored.

Lastly, if you want to experience what a big regatta is like, MYC is hosting the Sunfish International and US National Championship at Mid-Winters from March 19th – 22nd at Ballard Park. They are expecting nearly 60 competitors from all over the world. This is a Pan-Am games qualifier so the competition will be excellent. Come to the park to watch, or better yet, volunteer your time, and be part of this exciting weekend of racing.

Dean White / Fleet Captain

March 2015

Membership

The Membership Committee consisting of Mary Pietras, Page Proffitt, Claudia Proffitt, Sean Vandedrinck, Secretary Charlotte Parker, and commodore Tom Knowlton will meet for the first time March 26. These committee members are focused on and well suited to promoting MYC membership and installing active new members.

Membership actions:

Resident members Jean Crocker, Michael & Dee Wilson have resigned.

The following applicants were provisionally approved prior to the March 2 Board meeting:

Corinthian applicant Kristina Victor received provisional approval in an email board closed February 13. Kristina is 19 years old and a longtime resident of Vero Beach, Florida. After completing high school she attended Indian River CC and looks forward to a military career. She has been involved with BSA Sea Scouts for several years. And she has recently crewed in Rum Races at Melbourne Yacht Club. Christina also came to MYC to volunteer with the Youth Sailing class. Kristina is interested in small boat sailing and sailing MYC 420s. Final approval of Kristina's application will be proposed at the March 30, 2015 board meeting

Corinthian applicant Sean Vandedrinck received provisional approval in an email board closed February 15. Sean Vandedrinck was born on the 16th of July 1994 in the coastal city of Oostende, Belgium, but soon (within a week) moved to the Canary Islands, Spain. Being the son of a Contractor and Architect, Sean grew up outside either on the water or on construction sites.

Having spent all of his primary and secondary education in the British System, Sean's primary language is English, followed by Spanish, Dutch, German and French. When he was five he decided to start sailing. During the next ten years of his life he moved from Optimist directly to Snipe racing. When it comes to bigger boats he spent most of his days fore-decking on J80's on a team called Princessa Yaiza SA. The Canary Islands really put him in the ocean more than on land through scuba diving, fishing, sailing, freediving...

In mid-2010, Sean decided to pursue his Ocean Engineering Bachelor's degree at Florida Tech. where he continued sailing by 'reconditioning' FIT sailing club and race team. He also attended many MYC regattas. Now that he has graduated Florida Tech with his Bachelor's degree he is extending his studies in the Master's program with a Master's degree, in both Ocean Engineering and Engineering Management. He has always been willing to become a MYC member yet never found the time/way to do so. He is more than willing to lend a hand in maintaining the facility in all ways.

Final approval of Sean's application will be proposed at the March 30, 2015 board meeting.

Resident Applicants Jordi & Amy Cabré received provisional approval in an email board meeting closed on February 15. Jordi was born and raised in Florida and his wife Amy is from California. Daughter Haley is a recent UCF graduate and son Evan is involved with MYC youth sailing. They recently returned from Nantucket to Indian Harbour Beach and plan to summer back on the island. The Cabrés sail a PDQ 36 catamaran and, have enjoyed the life lessons, self-esteem, and great memories afforded their family by sailing, along with a life on the water. Final approval of Jordi's and Amy's application will be proposed at the March 30, 2015 board meeting.

The following actions were approved in the March 2, 2015 board meeting:

Peter Aydelotte who spends the majority of his time in Miami has changed from Resident to Non-Resident. David and Joan Lister will be moving out of the country and have changed from Resident to Non-Resident. Corinthian applicant Ashleigh Rabel and Junior Resident applicant Carl Larimore received final approvals. Betty Thon's membership status was changed from Honorary to Emeritus.

(Continued on page 5)

(Membership, Continued from page 4)

Jerry Kowalski's membership status was changed from Resident to Honorary.

Resident member John Martin has converted to Joint Membership with Gail Oliver.

Resident member Christina Chang has converted to Joint Membership with Andy Burke.

Resident member Jennifer Slayton has converted to Joint Membership with Gary Hanbaum.

Resident applicant Michael Mandese received provisional approval in March 2, 2015 board meeting. Michael and wife, LeAnn have three children. Sophia is 12, Grace is 9 and Sebastian is 4 years old. The family lives in Melbourne Beach and has lived in Brevard since 1998.

Michael was born and raised in Merritt Island. He went to the University of Florida for undergraduate studies in microbiology and Nova Southeastern for a Doctoral degree in Optometry. He has practiced Medical Optometry providing Neuro-Eye services at The Eye Institute for Medicine and Surgery for 17 years. Michael enjoys sailing since 2006, triathlons, and traveling with his family.

LeAnn was born and raised in Winter Park, Florida. She went to the University of Central Florida for undergraduate studies in biology and Nova Southeastern University for a Doctoral degree in Optometry. She has practiced in Brevard for 16 years, providing service to nursing homes, The Eye Institute for Medicine and Surgery, and has owned the Atlantis Vision Center in Indian Harbour Beach for almost eight years. LeAnn enjoys sailing, traveling with her family, and being the mother of three beautiful children. They currently own a Catalina 250 swing keel sailboat and usually sail in the Indian River. They also have a Glacier Bay Renegade 224 power catamaran for family cruising and offshore fishing. Both daughters have been taking sailing classes from Phil Spletter for the last year. They also play soccer. In addition, they love to play piano.

Membership Statistics:

Resident = 141, Non-Resident = 25, Corinthian = 7, Emeritus = 2, Junior Resident = 7, Provisional = 4, Extended Provisional = 0, Honorary = 12
Total of 198

Easter Cruise

Please join us for a kids and adult Easter Egg Hunt at Marker 21.

Saturday April 4th

The hunt begins at 2:00pm

There will be a burn-it around 4:00pm

Bring something to throw on the grill and a dish to share.

MELBOURNE YACHT CLUB 2015 SPRING REGATTA

April 18-19 and April 25-26

Small Boat Weekend

Big Boat Weekend

SATURDAY, APRIL 18

- Small Monohulls \leq 20 ft.
- 9:30 Registration and continental breakfast at MYC
- 11:00 Competitors' meeting
- 12:30 1st warning - other races to follow
- 16:00 Sodas/snacks/keg at the club
- 18:00 - Dinner served (approx. time) at MYC
- 19:00 Results posted

SUNDAY, APRIL 19

- 9:30 Continental breakfast at MYC
- 11:00 1st warning - other races to follow
- 15:00 Sodas/keg/trophies/hot dogs available

Classes expected: Sunfish, Laser, Collegiate 420, Mono-hull Portsmouth, Raider
3+ boats make a class, with advance notice

Entry Fees:

- Adults.....\$40/includes 1 Sat. PM dinner
- Students.....\$10 (dinner extra)
- Extra dinners*.....\$12

SATURDAY, APRIL 26

- 9:00 Registration and continental breakfast at MYC
- 11:00 Competitors' meeting, all fleets
Courses will be a combination of W/L and distance races
- 12:30 Wine & Cheese Fleet start - one fun distance race on Sat.
- 12:30 Racing fleets 1st warning- other races to follow
- 18:00 Dinner served (approx.) & scores posted at MYC
- 19:00 Wine & Cheese Fleet awards follow dinner

SUNDAY, APRIL 27

- 9:30 Continental breakfast at MYC
- 11:00 1st warning - other races to follow
- 15:00 Sodas/keg/trophies, hot dogs available at MYC

Classes expected: PHRF Handicap, J/24, C-22 (Sat & Sun), and Wine and Cheese Fleet (Sat only)

2015 Space Coast Blessing of the Fleet

The 2015 Blessing of the fleet will be a three-squadron blessing consisting of the Banana River, Cocoa Beach and Titusville's Sail and Power Squadrons. The date is May 16th, 2015 at 11:00am. The place is the river off Riverfront Park, Cocoa Fl.

All sizes and types of boats are invited to participate in the traditional boating activity. The Blessing of the Fleet is a piece of boating history dating back many centuries and intended to ensure a safe, enjoyable, and bountiful boating season.

Come and have your boat blessed for a trouble free boating season.

For more information email the Power Squadron at xo@cbsps.org

March 2015

Entertainment

A tad bit slow beginning for March, but standby! Friday the 13th brings a special party, Saint Patrick's Day, which (for a mere \$5 green) brings to you the following;

Shepard's Pie/ Soda Bread/ Salad/ Cake

First 60 eat-

all that follow starve with the fine smell of food lingering in their nose

Then, come April 4th. A unique take off on a Marker 21 Cruise. **AN ISLAND EASTER EGG HUNT!** Eggs scattered about the entire isle awaiting discovery! This followed by a burn it (with a side to share), conversation, egg comparison/trading/snitching/breaking, interrupted by a few drinks, to finally be closed by climbing down to ones bunks and overnighting it, or not.

ATTENTION– a Low country boil is **ON** for Saturday, Apr 18th; Small Boat Regatta. An absolute must attend, cheer, and stuff oneself. I can smell the boil now!!!

Greg Crawford / Entertainment Director

Dock Notes

February turned out to be a busy month on the docks and we are off and running.

The dinghy dock has been repaired; a big thank you to Grant Ball, Hasty Miller, Jerry Ross and especially Jack Leahy who suited up and got into that cold water to lever up the broken stringer so it could be sistered and repaired. In March I asked our wet slip holders to update their wet slip agreements and provide copies of the required proof of insurance and Florida Boat registrations. I am happy to say that I now have thirty eight of the forty two slips covered with fresh documents. I am working to get the balance by the end of the March when they are requested to be in.

There has been a lot of activity on the FDEP T Dock issue which is a gating item for beginning major structural maintenance and repairs to the docks. We have met with our independent FDEP consultant and have a clear plan on how to move forward. I will be coming to you soon with that plan and with a request for volunteers to assist with the work.

The docks have been busy. Sadly the Kowalski's Catalina 34 Charisma has been sold and is off the dock as has the Bibb's Cal 33 Majjak II. We are very sorry to see them go. However that means TWO OPEN SLIPS and I am happy to say they have been quickly filled. Please welcome Lean & Karen Williams' Hunter Cherubini 33 to the East Dock and Rick & Jacqueline Cope's Beneteau Oceanis 352 to the West dock.

We hope to see them on the water and in some of the Rum Races and in the Spring Regatta. The slip selection process is complicated, it takes up several pages in our hand book; just for fun read through it. It's not just your submittal date that counts: boat length, width, and draft all come into play as well the ability to safely move the boat in and out of the available slip. We pay a lot of attention to all of those requirements and we are delighted with our two newest selections.

Spring is in the air, the trees are greening and the pollen count is through the roof. After a very wet winter. A walk down the docks shows the effects of the pollen and rain with green and black mold prevalent on many of our boats. Folks it's time to get out the buckets and mops, in the age old sea faring tradition. "Now hear this! All Hands man your brooms and swabs, wash down fore and aft, decks and hulls!" There are excellent environmentally safe cleaning products commercially available so we can forgo the Holy Stones. I am especially fond of the Starbright products, both their boat wash and the deck whitener. It's also time to start looking at the condition of your dock lines and chafing gear because you know what season is on the way. Plan now :0)

Jack Clark / Dockmaster

March 2015

Sailing Education

Phil continued to work with the youth sailing group on Saturday mornings under all kinds of weather conditions – cool, warm, windy, and what the heck happened to the wind- it was blowing when we went out. The students have sailed around small courses. Last week the topic for the day was controlling your boat and come to a stop in a position that you choose such as coming into a dock in a controlled manner. They practiced approaching a plastic barrel then letting the sails luff and turning into the wind so that the boat coasted and stopped at the desired position.

Jim Lacy, Jordi Cabre, Page Proffitt, Floyd Bryan, and Phil Spletter worked to clean up the boats. Our thanks to the dock committee Jack Leahy, Grant Ball, Jerry Ross, Hasty Miller for fixing the small dock so we can launch safely.

The sailing education committee set the dates for sailing classes:

Adult Class - Spring		
	Thur – land @ 6:30 PM	Sunday - Sail 9:30 AM
1	14-May	May 17 - BIG Boats
2	28-May	31-May
3	4-Jun	7-Jun
4	11-Jun	14-Jun
5	18-Jun	21-Jun
Adult Class - Fall		
1	13-Aug	8/16 - BIG boats
2	20-Aug	23-Aug
3	27-Aug	30-Aug
4	3-Sep	9/6 - Labor day weekend
5	17-Sep	20-Sep

There will be an intermediate sailing class on Sundays: July 12, 19, 26, and August 2.

Spread the word about the sailing class – let’s spread the fun of sailing.

Margaret Knepper / Sailing Education

The Teacher was trying to teach Jackie-boy addition:

Teacher: “If I give you two rabbits and, then I give you two more, how many rabbits do you have?”

Jackie-boy thought for a minute and with a bright smile said “Five!”

Teacher: “No-No. Let’s try again. If I give you two rabbits and, then I give you two more, how many rabbits do you have?”

Jackie-boy thought for a while and with a bright smile once again said “Five!”

Teacher: “No! Jackie-boy, how do you get five rabbits?”

“Well...” said Jackie-boy, “You gave me two rabbits and then you gave me another two rabbits and I already had one, so that is five.”

Mid-March 2015 – Late April 2015
